Pencilmark printable pack 01

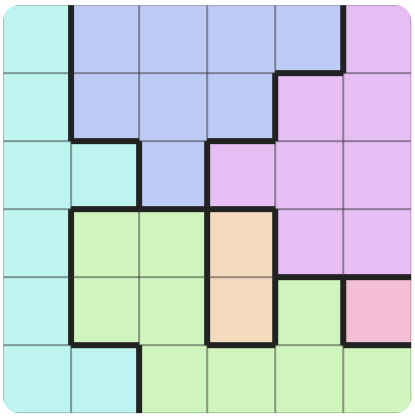

14 solver-certified puzzles: 6 Star Battle, 4 Skyscrapers, 4 Kakuro. Each has exactly one solution reachable by logic. Solutions on the last page. pencilmark.andrewboyko.name

Rules. Star Battle: one ★ in every row, column and region; stars never touch, even diagonally. **Skyscrapers:** heights 1–n once per row and column; edge clues count visible buildings. **Kakuro:** digits 1–9 in each run add to the clue; no repeats in a run.
